Products and Services

Credit Card Processing: Eliminate up to 95% of your fees with our exclusive program and pay only \$35/month for processing.

Digital Advertising: Local Ads either sold by the store, a local sales team or our corporate offices. Local ad pricing varies based on location and start at \$50/screen/month with screen capabilities of 30+ ads per screen. Coupons may be inserted into the ad for an nominal fee. National Ads are limited to \$400 per month in profit per screen and are sold by our corporate partners.

Consignment Program: Stores receive up to 45% of the face value of items sold. SmartRegister advertises on the customer facing screen for products on consignment to make sure that your customers know about them.

Bill Payment: Customers can pay their utility bills, cable bills, insurance and more for over 10,000 billers throughout the US and Mexico. Store makes \$0.75 per transaction. Nationwide, stores average 400 transactions a month resulting in a profit of \$300 per month.*

Top-Up Services: For prepaid cellular telecom or any other products and services. Store is able to transact top-ups (e.g. AT&T, Verizon and T-Mobile). Stores average \$2,500 in top up sales per month and make 5% profit.*

Digital Phone Cards: Electronic PIN delivery for prepaid long distance telecom services. Stores average \$2,500 in Digital ILD (International Long Distance) sales per month and make 15% profit.*

Other ancillary services coming include: Virtual Gift Card Mall, Prepaid Debit Cards, Check Cashing and more.

* All figures represent national averages and do not guarantee future revenue performance. Depending on location not all stores will generate revenue on every product or service.
